

GROUP PROJECT

FAKULTI TEKNOLOGI MAKLUMAT DAN KOMUNIKASI

MULTIMEDIA SYSTEM

BITM 1113

SEMESTER 1

SESI 2015/2016

1.0 Introduction

Five *students per group* is required to write a proposal of a project.. You need to propose a project for this subject. All groups are free to choose any of the project:

- Cooperate CD
 - Game (any interactive game)
 - Information Kios
 - Web Page
- You will use Adobe Flash/Adobe Premiere/ as the main application together with any other authoring tools for image editing, sound and video.
 - You can use any other tools that similar to Adobe Flash/Premiere for your project
 - You need to integrate Assignment 1 in your project.
 - You need to give a proper name for your group.

Stages

- First Stage – Proposal Submission **9TH October 2015**. Submit via h.a.sulaiman@ieee.org
- Second Stage – Project Submission + Final report **16th Nov 2015**. Submit during Presentation day. Presentation Schedule will be released on Week 9 based on registered group.

2.0 Objectives

To develop a complete multimedia system that include all the multimedia elements that you have learn in this subject and apply your skill that you have gain during lab session.

3.0 Documentation Standards

A. Write your **proposal** according the guidelines as follows: Due date for your proposal on **9TH October 2015**. Submit via h.a.sulaiman@ieee.org

a) Background

- Give brief introduction about your project 1 – 2 paragraph
- Include target users as well

b) Objectives

- List 3 objectives of your project

c) Storyboard

- Detail of what you are going to develop.
- You can scratch the storyboard

d) Gantt Chart

- Detail what are the steps that you need to finish this project start from week 6 (Receive project guidelines)
- End with presentation on week 15.

e) Conclusion

- Benefits that end-user can gain from your corporate CD.
- Summary of your project

- B. Write your **Final Report** according the guidelines as follows:
- a. Due date for your submit final report and presentation on **16 Nov 2015**
 - b. There will be five Topics (Chapter) plus an appendix in your final report for your team project. The chapter are as below:
 - I. **Introduction**

Contain project background, team members' job and function, why you choose the topic, what you have learned from the project.
 - II. **Objectives and Scopes**

Objectives are in point form but scope are in paragraph (same format and content as proposal but make a changes where necessary)
 - III. **User Interface Design and Media Creation**

What is the concept that you use in your project?, How do you get the source (media element of the project), snap short of your final Interface Design (use print screen key and Paint software to do this – not all but only a few major user interface in your project)
 - IV. **Limitation**

What are the limitations of your project, state what are the changes that your group have made from the original approved proposal and why you make those changes.
 - V. **Conclusion**

Conclusion for your project, in paragraph form.
- Appendix/ces** – Approved proposal (that I have sign) and any other source that you feel necessary.
- C. The report should not exceed maximum 20 pages (minimum of 5 pages) - double spacing, using ONLY PRODUCT SANS or CENTURY GOTHIC font size of 12. (This is not includes the appendices), if you have more than 20 pages please put your user interface design as an appendices.

***** *Good Luck* *****

Method of Submission for Proposal:

1. Zipped the content of WORD and PDF files via h.a.sulaiman@ieee.org .
2. Example Below
